Landed at Owersboro at 7 o'clock Tuesday a.m., first landing since Louisville. At 9 o'clock a.m., at the mouth of the Green river we met the

The shading was about six points, and while a trifle steadier feeling prevailed at that break there was no reactionary tendency. A sharp break in silver quotations from London, and improved crop advices from the Texas district were the principal depressing features."

Afternoon Board.—Wheat week and l@ic lower. Corn casy and l@ic lower. Oats nominally unchanged.

CHICAGO, ILL , June 3 .- The "bull" campaign in wheat progressed very successfully again to-day, the July option advancing to 70½c shortly after the noon hour, or a full advance of 5c from the inside figure of yesterday. In the afternoon the market broke off 14c from the top figures of the day, and closed about \$c\$ higher than yesterday. There were evident fears of a "squeeze" in the July delivery, and many short traders at owed an inclination to cover. The feeling was nervous and excited throughout the entire day. The Liverprol advices quoted a sightly improved feeling, but the Lind n market was quoted as quiet and easy. The amount of wheat on ocean passage showed an increase of 1,280,000 bushels over last week. Corn ruled a little firmer on the regular brard, but was easy gain in the after-noon. Ods ruled firmer and closed a shade higher. Flou steady and firm. The New Steamer Hudson. To the Editors of the Appeal: Onto RIVER, TUESDAY NIGHT, June 1.—Several weeks since I received a kind invitation from Capt. Frank Elli-son to visit the New Hudson, at Louisville, and go on her first trip to St. Louis. If your readers remember, last December the old Hudan was a total wreck on Lucis's Bar, and hardly had it been known when it was announced that James Reese & Co. and New Orleans, 11 s.m.
